8th July 2022

UMLAS EID AL-ADHUHA2022 AD, 1443 AH MESSAGE!

Assalaam Alaikum Warahmatu'llah Wabarakatuh.

Today marks the end of the Hajj, the annual Islamic pilgrimage to Mecca as we usher in Eid Al-Adhuha. Alhamdulillah. Eid Mubaraka! Kulu aamu wantum bikhair.

The **Uganda Muslim Lawyers' Association (UMLAS)** extends its congratulations to all its members and the entire muslim Community on the auspicious occasion of Eid Al- Dhuha, one of the most special and celebrated Muslim festivals, characterized by the feast of sacrifice and reflecting upon the commitment made by Prophet Ibrahim (ASW) to Allah, values of service, compassion, and charity to the less fortunate, gift giving and thanksgiving for the blessings in life.

But as we celebrate, we would like to express serious concern over the skyrocketing prices of fuel, food and commodities in the Country and appeal to the Government to stem the tide of inflation whilst urging traders to desist from the habit of arbitrarily increasing the price of these necessities. We also appeal to politicians to consider politics as a service to the Nation.

This year's Eid Adhuha celebrations also come at a time of increased insecurity and attacks by robbers on our businesses and homes and along routes, we call upon the security agencies to urgently address this dangerous situation.

Be that as it may Eid is a great occasion that brings people closer to each other and eradicates selfishness from individuals. We urge you to seek Allah's mercy through sacrifice, and sharing with family, friends and neighbours the little that you have so as to spread our humaneness.

May you have a spectacular celebration of this auspicious occasion, May our sacrifices be appreciated and all our prayers answered by the almighty. May this Eid bring us peace, prosperity, happiness in our lives, love in our hearts, wisdom in our minds, good luck in everything, fortune and wonderful moments to cherish forever for you and your families. **AMEEN.**

ALI KANKAKA.
President
